# WHY WE ARE CALLED WORKSPACE48

You've probably heard of Elon Musk's space exploration technology company SpaceX, Jeff Beso's Blue Origin space flight service, Richard Brandson's Virgin Galactic space tourist company. All of these visionaries are changing the way we travel to outer space.

At Workspace48, we believe that workspace is the final frontier. We are millennials out to radically change the office furniture industry.

Our mission "TO SHIP EVERY PRODUCT IN OUR CATALOG TO YOU WITHIN 48 HOURS"

To Workspace infinity and beyond!

# ANVIL DESKING

Anvil frame systems give your office spaces a refreshing image that will encourage freedom of thought and inspired decision making.

---

Anvil Desking with Balance Seating, Axis Caddies and Tambours

## ACTION STATIONS

Whether you need individual offices for concentrated work or team based work areas to enhance interaction, ANVIL workstations are a superb collection of desk and workstation elements. There is no reason why your office furniture should not be as architecturally appealing as your offices – ANVIL is a statement in style.

## HIGH DENSITY DESKING

ANVIL is an intelligent approach to office system design. The modular structure of ANVIL guarantees adaptable layouts and solutions that support a multitude of ways of working, while providing concealed routing of services.

# PRECISION DESIGN

Great office environments are shaped by clean furniture design. ANVIL gives you a framework that will support dynamic changes in workplace technologies and evolving work practices.

## Anvil Straightline

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Standard worktop sizes

- 47.2" w x 23.6" d x 28.2" h
- 47.2" w x 29.5" d x 28.2" h
- 59.1" w x 23.6" d x 28.2" h
- 59.1" w x 29.5" d x 28.2" h
- 70.9" w x 23.6" d x 28.2" h
- 70.9" w x 29.5" d x 28.2" h

## Anvil 120 Degree

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Standard worktop sizes

- 47.2" x 47.2" w x 23.6" d x 28.2" h

## Straightline Singles

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Options

- Clampon screens
- Cable management & data rails
- Modesty panels.

## Straightline Two Sided

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## 120 Degree Singles

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Options

- Clampon screens
- Cable management & data rails
- Modesty panels.

## 120 Degree Three Cluster

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## Straightline Single Sided Double

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Options

- Clampon screens
- Cable management & data rails
- Modesty panels.

## Straightline Two Sided Double

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## 120 Degree 2/3

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## 120 Degree Six Cluster

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## Straightline Single Sided Triple

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Options

- Clampon screens
- Cable management & data rails
- Modesty panels.

## Straightline Two Sided Triple

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## Anvil 120 Degree Suggested Layout

## Anvil 90 Degree

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Options

- Clampon screens
- Cable management & data rails
- Modesty panels.

### Standard worktop sizes

- 70.9" x 70.9"w x 29.5"d x 28.2"h
- 70.9" x 70.9"w x 23.6"d x 28.2"h

## Anvil 90 Degree Plus Cluster Six

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## Anvil 90 Degree Single

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Options

- Clampon screens
- Cable management & data rails
- Modesty panels.

## Anvil 90 Degree Tee Cluster Two

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## Anvil 90 Degree Plus Cluster Eight

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## Anvil 90 Degree H Cluster Four

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## Anvil 90 Degree Plus Cluster Four

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## Anvil 90 Degree H Cluster Eight

### Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" mm rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central deskmounted screens
- Concealed cable management
- Power & data rails.

## Anvil 90 Degree Suggested Layouts

# COMSEAL CABLE TIDY SYSTEM

SIMPLY EFFICIENT

An efficient way of achieving concealed & practical routing of services. Comseal allows you to plug in at the desktop & still retain the ability to conceal all your power & data cables.

Shown with ANVIL 90° cluster.

Comseal shown with ANVIL straightline desk & offset screen.

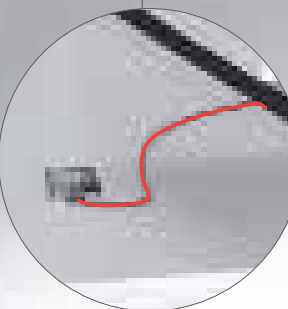

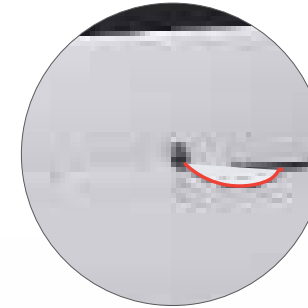

Comseal shown with ANVIL 120° setting.

Works with clamp on shelves & monitor arms.

Plug in at the desktop.

Hide your cables all the way to where you need them.

# AXIS DESKING

AXIS office environments create a sense of community & space and support dynamic changes in workplace technologies while evolving work practices.

# AXIS STRAIGHTLINE

Axis long shared desk combinations are well complimented by matching storage & meeting tables. Freeway chairs with coloured fabric seat covers & fabric seat toppas on the mobiles, help you make the space really yours.

## 90 DEGREE

Axis System gives refreshing options for traditional 90° office layouts. Design your space using a combination of frame-mounted screens between worktops &  $\frac{3}{4}$  height screens to the traffic areas while retaining the Axis worktop accessible power and data functions.

## 120 DEGREE

Axis 120° layouts are ideal for team environments. Screens can be pinnable e-panel or translucent twinwall, or a combination of both. The Axis 120° frames interlock with the straightline & 90° Modulus giving unlimited layout options.

# COLLABORATION

Axis Tables fit into any meeting area needing practical strong workspaces to facilitate robust discussion & decision making. Freeway seating options compliment the tables to provide varied meeting spaces with flair & panache.

## Axis Straightline

### Standard features

- 2.0" x 2.0" end frames with flush ground weld finish
- 2.0" x 1.0" rails
- 3.1" height adjustment in each foot
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Standard worktop sizes

47.2" w x 23.6" d x 28.1" h	59.1" w x 29.5" d x 28.1" h
47.2" w x 29.5" d x 28.1" h	70.9" w x 23.6" d x 28.1" h
59.1" w x 23.6" d x 28.1" h	70.9" w x 29.5" d x 28.1" h

## Axis 120 Degree

### Standard features

- 2.0" x 2.0" end frames with flush ground weld finish
- 2.0" x 1.0" rails
- 3.1" height adjustment in each foot
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Standard worktop sizes

47.2" x 47.2" w x 23.6" d x 28.2" h

## Straightline Singles

### Standard features

- 2.0" x 2.0" end frames with flush ground weld finish
- 2.0" x 1.0" rails
- 3.1" height adjustment in each foot
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components.

### Options

- Clampon screens
- Cable management & data rails
- Modesty panels.

## Straightline Two Sided

# AGILE HEIGHT ADJUST

Agile is a top electric height adjustable solution that is designed to work in the same places you do. Businesses are increasingly using sit-stand systems in collaborative offices, management spaces, in meeting areas or at home, and Agile's understated simplicity is ready to move right in.

# PRIVATE SPACES

Flexibility, collaboration, and a technology-based workflow require active, streamlined workspaces designed for the digital age. Agile fits the bill, perfect for both the CEO's office and for designated quiet zones inside a larger open office plan.

# LARGE OFFICE SPACES

Drab and isolated office cubicles are rapidly (and thankfully) becoming a relic of the past, making way for large, open office systems that foster collaboration, shared learning, and a strong social culture. Fixed height and height adjustable desks offers a contemporary, minimalist look whilst accommodating the need for flexibility and movement during the workday.

# AGILE SINGLE SIDED

# MODULUS TABLES

The Modulus system has a timeless simplicity with one universal leg style that supports many table designs. The distinctive A-shaped rail and socket system securely locks the table together & gives immense strength.

---

Modulus Table shown with Custom Laminate Work Surface

# SIMPLE BEAUTY

The Modulus system has a timeless simplicity with one universal leg style that supports many table designs. The distinctive A-shaped rail and socket system securely locks the table together & gives immense strength.

# COLLABORATION

Modulus is a versatile table system that helps people collaborate, communicate and exchange ideas. They can be static tables of any size or they can be self-contained modules that move and adapt easily to fit the space or task at hand.

# SOPHISTICATION

Modulus tables work in all kinds of facilities. Highly finished, cast aluminum components and sophisticated, engineering grade mechanisms give an unparalleled aesthetic and functionality.

# WORKING TOGETHER

Tables are most powerful when used together. Modulus Flip tables can be used in any combination, which creates endless opportunities for constructive interaction in classrooms, training rooms & meeting rooms. All Flip tables come with durable locking castors to ensure they are easy to re-configure into new layouts.

WE ARE  
ALL A PART  
OF THE  
SAME THING

# CONFERENCE & TRAINING

Table tops flip up, chair seats flip up and both roll away on castors to nest together when no longer needed. This instantly transforms your training room into a highly flexible environment that is capable of a variety of teaching formats.

Shown with Adapta chairs, Link chairs & Link trolleys.

### Modulus Twin Pole Triple Span

Standard features

- Black powdercoated posts & rails, polished alloy feet, collars & connectors
- Leveling glides
- White worksurfaces are in stock. Other finish options are available.

Standard frame sizes fit worktops of  
156" - 312" length x  
48" - 78" width

### Modulus Single Pole Triple Span

Standard features

- Black powdercoated posts & rails, polished alloy feet, collars & connectors
- Leveling glides
- White worksurfaces are in stock. Other finish options are available.

Standard frame sizes fit worktops of  
144" - 288" length x  
32" - 48" width

### Modulus Twin Pole Double Span

Standard features

- Black powdercoated posts & rails, polished alloy feet, collars & connectors
- Leveling glides
- White worksurfaces are in stock. Other finish options are available.

Standard frame sizes fit worktops of  
120" - 204" length x  
48" - 78" width

### Modulus Single Pole Double Span

Standard features

- Black powdercoated posts & rails, polished alloy feet, collars & connectors
- Leveling glides
- White worksurfaces are in stock. Other finish options are available.

Standard frame sizes fit worktops of  
96" - 204" length x  
32" - 48" width

### Modulus Twin Pole Single Span

Standard features

- Black powdercoated posts & rails, polished alloy feet, collars & connectors
- Leveling glides
- White worksurfaces are in stock. Other finish options are available.

Standard frame sizes fit worktops of  
72" - 120" length x  
48" - 78" width

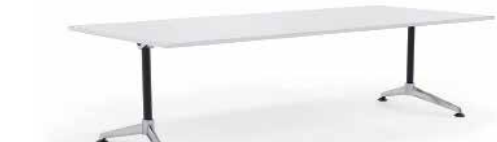

### Modulus Single Pole Single Span

Standard features

- Black powdercoated posts & rails, polished alloy feet, collars & connectors
- Leveling glides
- White worksurfaces are in stock. Other finish options are available.

Standard frame sizes fit worktops of  
54" - 120" length x  
32" - 48" width

### Modulus Large Fixed Leg Single Span

Standard features

- Black powdercoated posts & rails, polished alloy feet & worktop supports
- Leveling glides
- White worksurfaces are in stock. Other finish options are available.

Standard frame sizes fit worktops of  
48" - 120" length x  
32" - 48" width

### Modulus Small Fixed Leg Single Span

Standard features

- Black powdercoated posts & rails, polished alloy feet & worktop supports
- Leveling glides
- White worksurfaces are in stock. Other finish options are available.

Standard frame sizes fit worktops of  
48" - 120" length x  
24" - 36" width

### Modulus Flip Tables

Standard features

- White or black powdercoat posts, rail & pullbars, polished cast alloy feet, silver castors
- ANSI-BIFMA approved for commercial use
- White worksurfaces are in stock. Other finish options are available.

Standard frame sizes accommodate worksurface of  
36" - 96" length x  
24" - 42" width

ANSI/  
BIFMA

#### Modulus Flip Table Modesty

PVC Modesty Panels come in white & silver, 53.2" wide and 65" wide.

#### Modulus Flipped with Modesty

#### Modulus Flip Table Nested

#### Modulus Flip Table Links

Connecting tables together is made easy with the very secure and simple-to-operate mechanism

### Modulus Standard Black Pole and Rails

Standard features

- 2x locking, 2x non locking castors
- Black posts, rails, pullbars, polished alloy feet
- One handed mechanism use
- Industrial grade nylon mechanism includes vertical locking mechanism.

Suits worksurface sizes of  
36" - 96" length x  
24" - 36" width

ANSI/  
BIFMA

### Modulus Standard White Pole and Rails

Standard features

- 2x locking, 2x non locking castors
- White posts, rails, pullbars, polished alloy feet
- One handed mechanism use
- Industrial grade nylon mechanism includes vertical locking mechanism.

Suits worksurface sizes of  
32" - 96" length x  
24" - 36" width

ANSI/  
BIFMA

### Modulus Large Black Pole and Rails

Standard features

- 2x locking, 2x non locking castors
- Black posts, rails, pullbars, polished alloy feet
- One handed mechanism use
- Industrial grade nylon mechanism includes vertical locking mechanism.

Suits worksurface sizes of  
36" - 96" length x  
36" - 42" width

ANSI/  
BIFMA

### Modulus Large White Pole and Rails

Standard features

- 2x locking, 2x non locking castors
- White posts, rails, pullbars, polished alloy feet
- One handed mechanism use
- Industrial grade nylon mechanism includes vertical locking mechanism.

Suits worksurface sizes of  
32" - 96" length x  
36" - 42" width

ANSI/  
BIFMA

## Modulus Straight Desks

## versatility & style

Adaptable is the ability to adjust to different conditions, an essential characteristic in the corporate world. Hence the Adapta Chair; a versatile chair that works for you. Pull up a couple of Adapta Chairs for collaborative work. Pull one up as a side chair. Pull a whole stack of Adapta Chairs from the conference room to the cafeteria.

Adapta Chairs also adapt to your mood and posture - lean back and you'll find the perforated backrest and unique cast aluminum chassis pivots and supports you all the way. Lightweight and easy to move with or without castors, Adapta Chairs can be stacked infinitely back to back - just flip-up the seat and stack (without any strain!).

**Recommended use:**  
Training, Conference, Classroom, Healthcare, Retail & Cafeteria Seating

**Features:**  
Optional Armrests  
Optional Tablet Arm

# adapta features

These days, people are doing more work outside their individual offices or workstations. Adapta Chairs give you the kind of flexibility business, conference or education workspaces demand. Lightweight, portable, nesting, movable, they help people come together, move around - whatever the work demands.

## Comfort

Integral arms and perforated back combine to give flexible supportive and "no-sweat" comfort

## Recline

Superstrong reclining mechanism to give relaxation when you want

## Seat

High resilience molded seat cushion and hard wearing fabric for high use areas

## Make training a breeze

The combination of comfort, style & quality makes the Adapta a functional choice for training facility seating

## Space saving

Adapta's folding seat allows for nesting to save space when not in use

## Tablet arm

Add extra adaptability to your training room with the optional adapta tablet

### Dimensions:

# 3D SHOWCASE

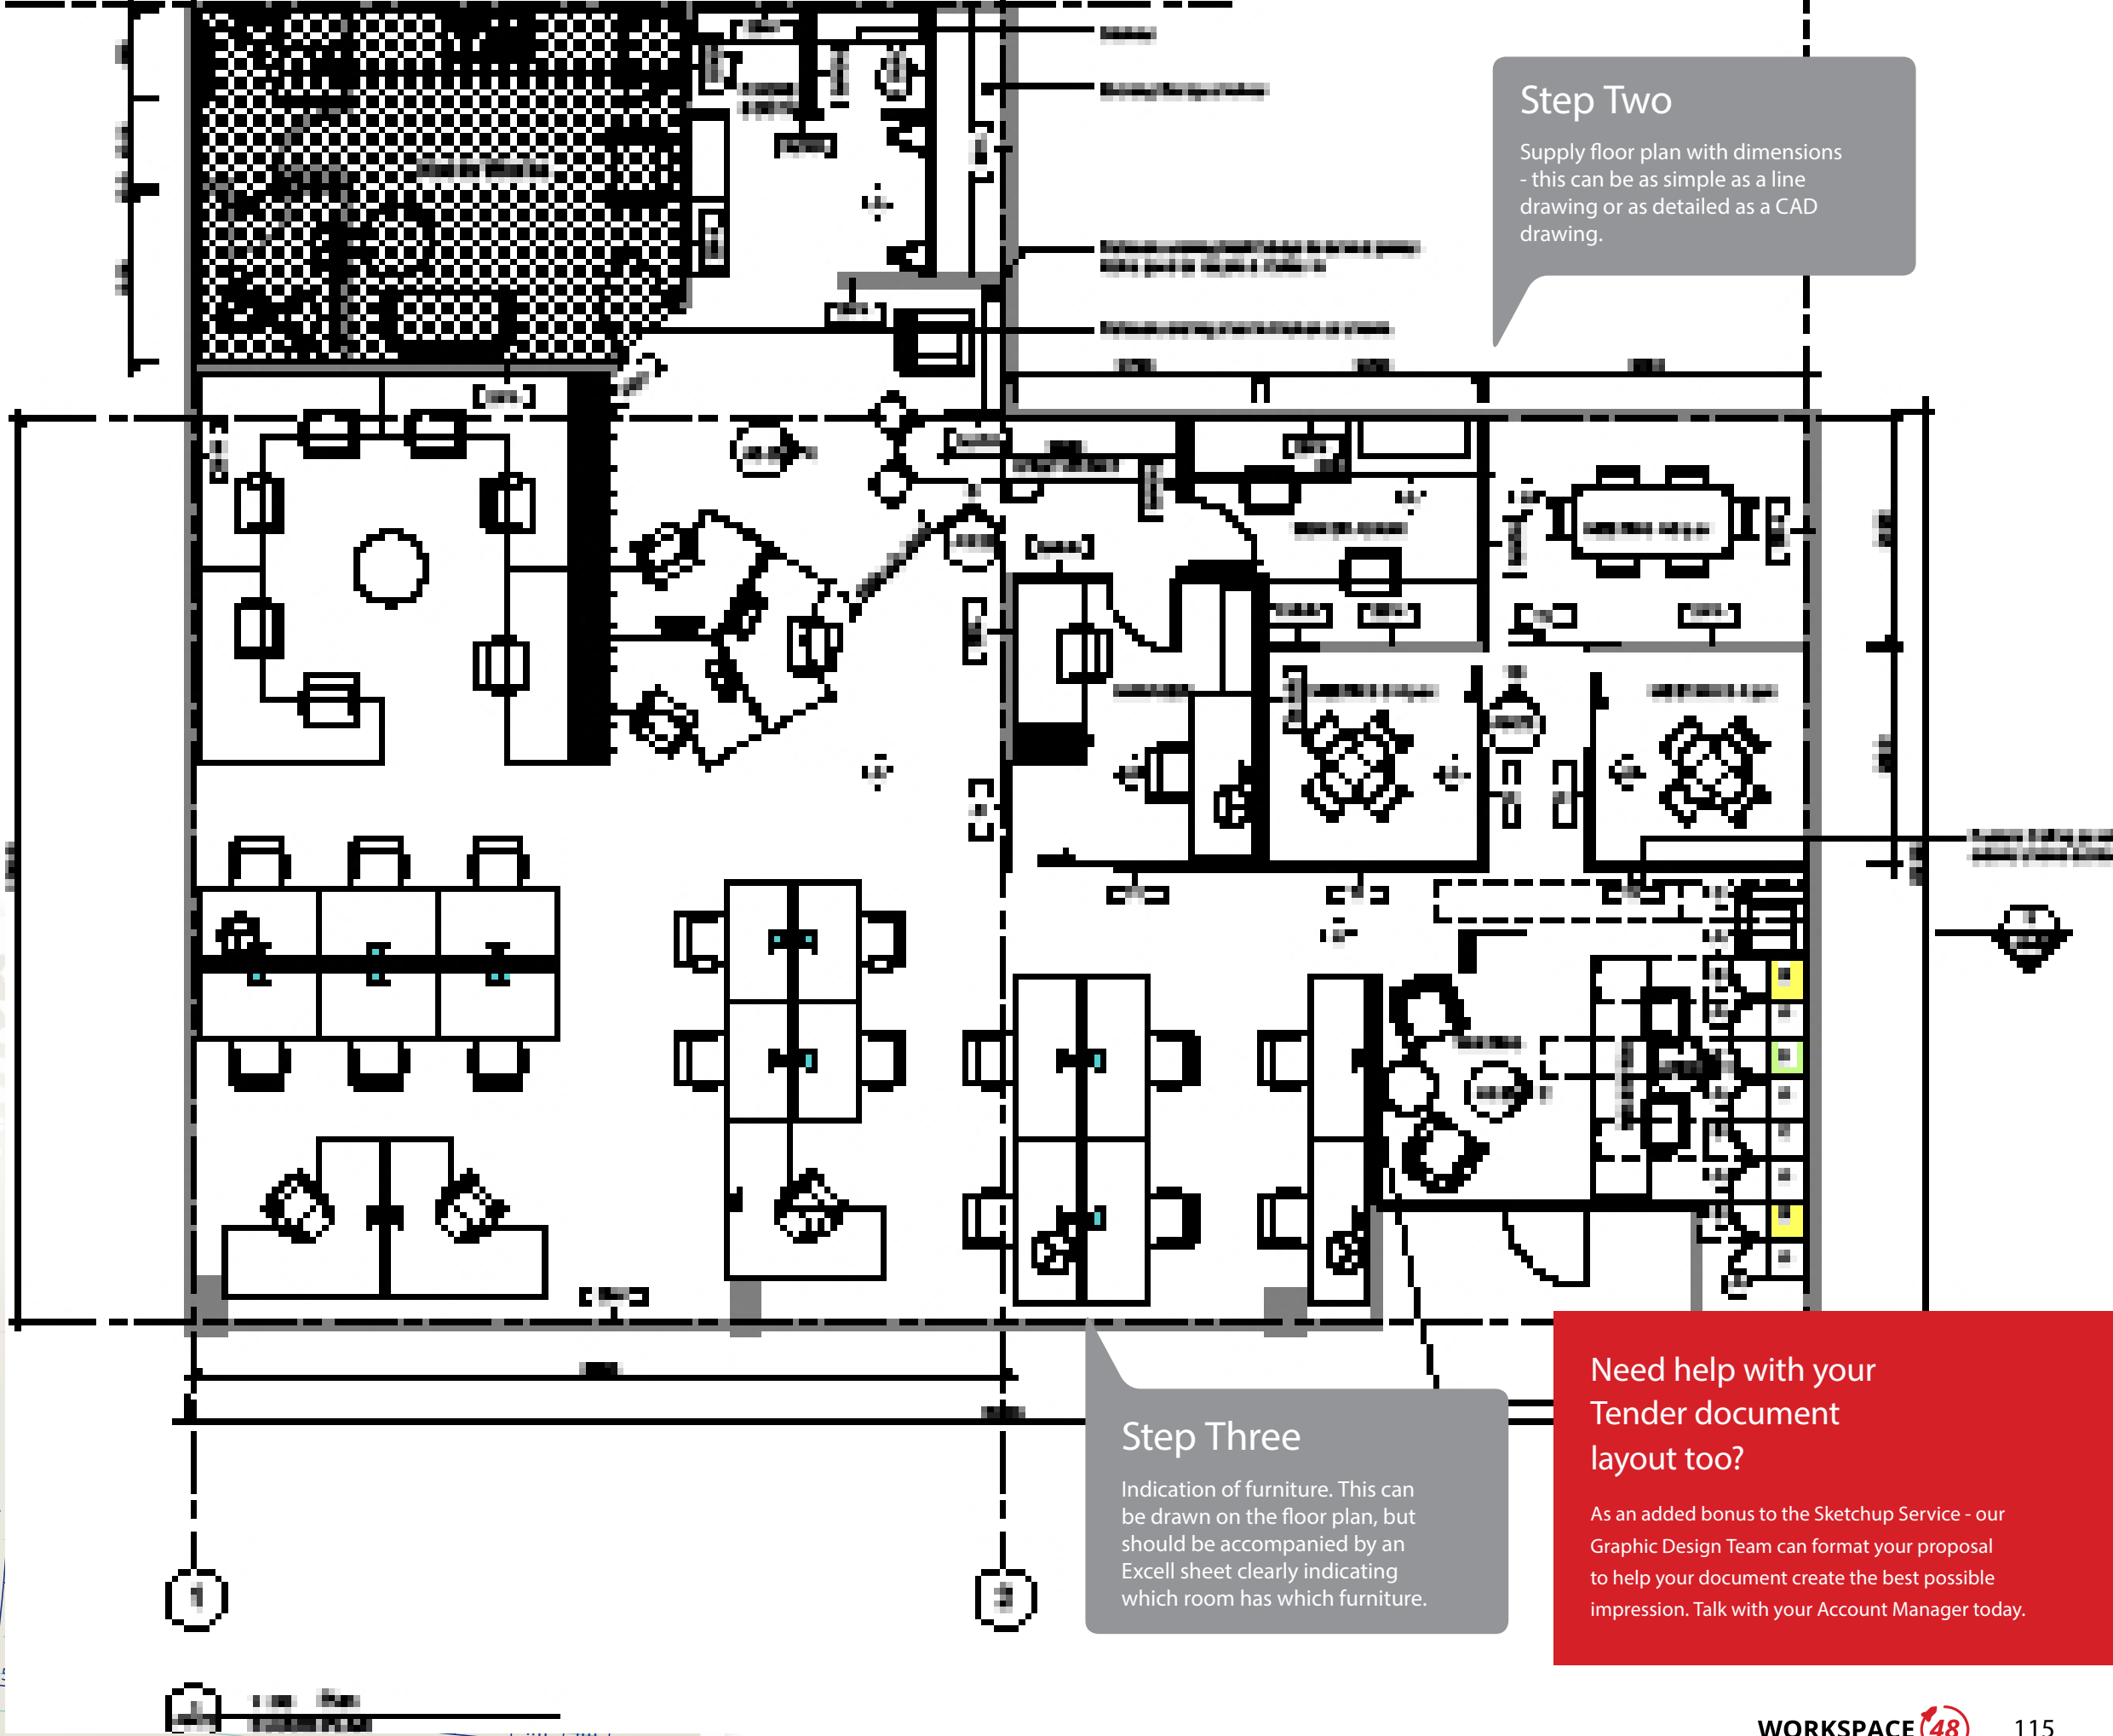

Simply send your account manager an outline of the job your are pitching for detailing the floor plan with dimensions, the budget and a spreadsheet of the furniture you have specified for each room.

As always, your account manager will be available to assist you in making recommendations on the best furniture for your client's budget and requirements.

Depending on your client, you may want to specify carpet colour, indoor plants, and other job-specific features. Be sure to mention these details in your floor plan instructions - we want to do all we can to help you clinch the deal!

We've already put in the long hours drawing 3D models of the OLG desking and seating ranges. We use these 3D models like jigsaw pieces on your floorplan so in no time at all you can see your tender come to life.

**Step Two**  
Supply floor plan with dimensions - this can be as simple as a line drawing or as detailed as a CAD drawing.

**Step Three**  
Indication of furniture. This can be drawn on the floor plan, but should be accompanied by an Excell sheet clearly indicating which room has which furniture.

**Need help with your Tender document layout too?**  
As an added bonus to the Sketchup Service - our Graphic Design Team can format your proposal to help your document create the best possible impression. Talk with your Account Manager today.
