

Mobile Divider

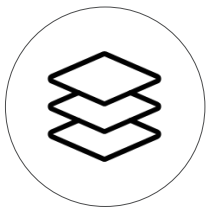

a safer workplace

A modern mobile screen divider to create the necessary spaces in today's work environments. It enables you to place a screen in open spaces to create privacy. The smooth high pressure laminate finish allows for easy and effective sanitation.

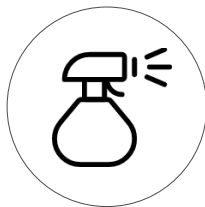

Stock Designer White finish shown with standard aluminum frame.

Material

High pressure laminate with steel powder coated feet.

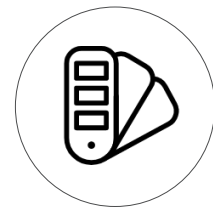

Easy to clean

With a laminate finish, it is easy to spray down and disinfect when required.

Casters

4 high-quality, smooth rolling locking casters for easy mobility. Fixed foot option available with 2-3 week lead time.

Finishes

In-stock in designer white HPL. More finish options available with 2-3 week lead time.
