

CleanScreen School

a safer place to learn

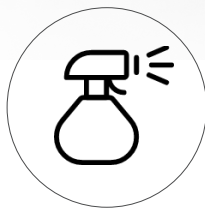

A screen system designed to meet today's COVID-19 requirements. With our unique mounting method, this enables you to quickly assemble a unit and remove without damage as necessary. Prevent particle transmission between workstations and sanitize easily with our durable material.

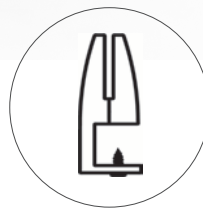

Material

Clear Acrylic, 3/16" Thick

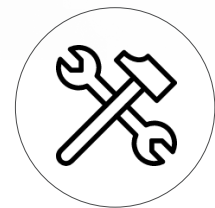

Easy to clean

With a rigid finish, it is easy to spray down and disinfect when required.

Clamps

Non-penetrating gripper clamps secure the screens firmly together and to the desk.

Installation

No tools are required, fully assemble in just a few minutes!

Warranty

1 year warranty under normal use. Any defects caused by handling or incorrect use will be voided

Finishes

Available in clear and white.
