

WORKSPACE

COMPLETE PRODUCT PORTFOLIO

Our Mission

**TO SHIP EVERY PRODUCT
IN OUR CATALOG TO
YOU WITHIN 48 HOURS.**

Why we are called WORKSPACE48

You've probably heard of Elon Musk's space exploration technology company SpaceX, Jeff Bezos' Blue Origin space flight service, Richard Branson's Virgin Galactic space tourist company. All of these visionaries are changing the way we travel to outer space.

At Workspace48, we believe that workspace is the final frontier. We are millennials out to radically change the office furniture industry.

Our mission is **"to ship every product in our catalog to you within 48 hours"**

TO WORKSPACE INFINITY AND BEYOND!

MotionOffice

MotionOffice is about providing the most effective environments to suit the diverse range of tasks carried out from focused individual work to open collaborative meetings.

Focus Space

MotionOffice individual work spaces offer the perfect environment for maximum productivity and focus. With a variety of innovative designs, you can easily find the ideal setup to meet your specific space and privacy needs. Whether you need a quiet, secluded area for deep work or an open, collaborative space for group projects, MotionOffice has you covered.

Collaboration Stations

These collaborative work spaces are meticulously crafted to provide the perfect environment for productive group work. Acoustic and visual barriers offer both privacy and concentration, creating a serene space that is separate from the bustling activity of the office around. Whether you're leading a team meeting or collaborating on a project, these work spaces provide the grounds to foster your next big idea.

Flexible Space

Our collection of modular soft seating solutions offers a comfortable and inviting space for both socializing and completing quick, mobile tasks. These versatile pieces can be strategically placed to guide foot traffic or add visual interest to open-plan areas. Whether you're looking for a place to take a break or catch up with colleagues, these pieces create a relaxed and welcoming environment to do so.

MOTION LOOP

Standard features

- Standard motion felt, milled wool blend textile
- Black powdercoat to all steel components
- Steel frame construction
- Levelling glides
- Ganging mechanism secures pieces in desired layout
- Modular design allows endless configurations and sizing

MOTION ARC

Standard features

- Standard motion felt, milled wool blend textile
- Black powdercoat to all steel components
- Worksurface is white melamine on E1 grade substrate with matching SPVC edge
- Steel frame construction
- Levelling glides
- Configurable in three, four, and five section layouts

MOTION MEETING

Standard features

- Standard motion felt, milled wool blend textile
- Black powdercoat to all steel components
- Worksurface is white melamine on E1 grade substrate with matching SPVC edge
- Steel frame construction
- Levelling glides
- Seats up to 4 persons
- Optional seatback cover upgrade in 8 colors

MOTION LOOP SUGGESTED LAYOUT

MOTION EXPO

Standard features

- Standard motion felt, milled wool blend textile
- Black powdercoat to all steel components
- Worksurface is white melamine on E1 grade substrate with matching SPVC edge
- Steel frame construction
- Levelling glides
- 2-tier seating for excellent for presentations and obscured viewing

MOTION WING 1

Standard features

- Standard motion felt, milled wool blend textile
- Black powdercoat to all steel components
- Steel frame construction
- Levelling glides
- Acoustic wings for privacy and a quiet environment
- Optional seatback cover upgrade in 8 colors

MOTION OTTO

Standard features

- Standard motion felt, milled wool blend textile
- Thick foam seat cushion
- Caster base makes it easy to manoeuvre around
- Add a pop of color to any space with 10 seat cover options
- The perfect seat for those drop-in visitors and in the creative zones in your workspace
- Optional cover upgrade available in 10 colors

**See page 111 for more details*

MOTION TABLES & ACCESSORIES

Standard features

- Black powdercoat to all steel components
- Worksurfaces are White melamine on E1 grade substrate with matching SPVC edge

Anvil

The Anvil desking collection gives your space a refreshing image that encourages freedom of thought and inspired decision making. The Anvil collection features integrated power and accessories, streamlining your work environment by providing easy access to the tools you need to be productive.

Action Stations

Whether you need individual offices for concentrated work or team based work areas to enhance interaction, Anvil workstations are a superb collection of desk and workstation elements. There is no reason why your office furniture should not be as architecturally appealing as your offices – Anvil is a statement in style.

High Density Desking

Anvil is an intelligent approach to office system design. The modular structure of Anvil guarantees adaptable layouts and solutions that support a multitude of ways of working, while providing concealed routing of services.

Precision Design

Great office environments are shaped by clean furniture design. Anvil gives you a framework that will support dynamic changes in workplace technologies and evolving work practices.

ANVIL STRAIGHTLINE

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Arctic White powdercoat to all steel components
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge

Standard worktop sizes

- 47.2"w x 23.6"d x 28.2"h
- 47.2"w x 29.5"d x 28.2"h
- 59.1"w x 23.6"d x 28.2"h
- 59.1"w x 29.5"d x 28.2"h
- 70.9"w x 23.6"d x 28.2"h
- 70.9"w x 29.5"d x 28.2"h

STRAIGHTLINE SINGLE DESK

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Arctic White powdercoat to all steel components
- Worksurfaces are Studio White on E1 grade substrate with matching SPVC edge

Options

- Clamp-on screens
- Cable management & data rails
- Modesty panels

STRAIGHTLINE DOUBLE SIDED 2-POD

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Arctic White powdercoat to all steel components
- Worksurfaces are Studio White on E1 grade substrate with matching SPVC edge
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

STRAIGHTLINE SINGLE SIDED 2-POD

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- White powdercoat to all steel components
- Worksurfaces are White melamine on E1 grade substrate with matching SPVC edge

Options

- Clamp-on screens
- Cable management & data rails
- Modesty panels

STRAIGHTLINE DOUBLE SIDED 4-POD

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Arctic White powdercoat to all steel components
- Worksurfaces are Studio White on E1 grade substrate with matching SPVC edge
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

STRAIGHTLINE SINGLE SIDED 3-POD

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- White powdercoat to all steel components
- Worksurfaces are White melamine on E1 grade substrate with matching SPVC edge

Options

- Clamp-on screens
- Cable management & data rails
- Modesty panels

STRAIGHTLINE DOUBLE SIDED 6-POD

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Arctic White powdercoat to all steel components
- Worksurfaces are Studio White on E1 grade substrate with matching SPVC edge
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

ANVIL 120°

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components

Standard worktop sizes

47.2" x 47.2" w x 23.6" d x 28.2" h

120° SINGLE DESK

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Arctic White powdercoat to all steel components
- Worksurfaces are Studio White on E1 grade substrate with matching SPVC edge

Options

- Clamp-on screens
- Cable management & data rails
- Modesty panels

120° 3-POD

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Arctic White powdercoat to all steel components
- Worksurfaces are Studio White on E1 grade substrate with matching SPVC edge
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

120° 2-POD

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Arctic White powdercoat to all steel components
- Worksurfaces are Studio White on E1 grade substrate with matching SPVC edge
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

120° 6-POD

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Arctic White powdercoat to all steel components
- Worksurfaces are Studio White on E1 grade substrate with matching SPVC edge
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

ANVIL 120° SUGGESTED LAYOUT

ANVIL 90°

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components

Options

- Clamp-on screens
- Cable management & data rails
- Modesty panels

Standard worktop sizes

70.9" x 70.9" w x 29.5" d x 28.2" h

70.9" x 70.9" w x 23.6" d x 28.2" h

90° SINGLE

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components

Options

- Clamp-on screens
- Cable management & data rails
- Modesty panels

90° TEE CLUSTER TWO

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

90° H CLUSTER FOUR

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

90° PLUS CLUSTER FOUR

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

ANVIL 90° SUGGESTED LAYOUTS

90° PLUS CLUSTER SIX

Standard features

- 2.0" x 2.0" x 2.0" triangle end frames with flush ground weld finish
- 2.0" x 1.0" rails
- Worksurfaces are Studio White melamine on E1 grade substrate with matching SPVC edge
- Arctic White powdercoat to all steel components
- Central desk-mounted screens
- Concealed cable management
- Power & data rails

Eclipse Tray Tidy

Works with clamp on shelves
and monitor arms.

Shown with ANVIL 90° cluster.

Optional hardwire or
softwire power system.

Hide your cables all the way to
where you need them.

The background image shows a modern office environment. In the foreground, there is a large, white, modular desk system with two black ergonomic office chairs. The desk has integrated storage units with drawers and open shelving. A black pendant lamp hangs over the desk. In the background, there is a large wooden wall panel and a window with a black frame. The ceiling is dark with a grid pattern.

Axis

The Axis collection cultivates a sense of community while supporting the rapidly changing technologies and work practices of today's dynamic workplace. The Axis collection features integrated power and accessories, streamlining your work environment by providing easy access to the tools you need to be productive.

Axis Straightline

Axis long shared desk combinations are well complimented by matching storage & meeting tables. Our chairs with coloured fabric seat covers & fabric seat toppas on the mobiles, help you make the space really yours.

Create.

90°

Revitalize your traditional office space with refreshing alternatives to conventional 90° layouts, giving you the flexibility to design your work environment to your specific needs. By using frame-mounted screens in high-traffic areas, you can create a functional and stylish space while retaining convenient access to power and data functions.

120°

Transform your team environment with the innovative Axis 120° layout. Designed with collaboration and productivity in mind, these workstations offer thoughtful design. With a unique layout that eliminates direct face-to-face positioning, distractions are minimized, allowing for maximum focus and enhanced collaboration among team members.

Collaboration

Transform your meeting spaces with Axis Tables - the epitome of practical and functional composition. Designed to inspire productive discussions and facilitate decisive action, Axis tables seamlessly integrate into any collaborative setting. Along with our range of seating options that boast both style and comfort, you can elevate your meeting spaces to new heights of sophistication.

AXIS STRAIGHTLINE

A modern office interior featuring several white Agile electric height-adjustable desks. The desks are arranged in a row, with blue fabric privacy screens and black ergonomic office chairs. The background wall is made of horizontal wooden slats, and a large circular pendant light hangs from the ceiling. The floor is covered with grey carpet tiles.

Agile

Agile is a robust electric height-adjustable system, perfect for today's dynamic work environments. From bustling office spaces to versatile meeting rooms and even the comfort of your own home, Agile's understated simplicity seamlessly integrates into any setting. As businesses continue to prioritize wellness and productivity, sit-stand systems like Agile are becoming a staple in collaborative workspaces.

Private Spaces

Flexibility, collaboration, and technology-based work flows require active, streamlined workspaces designed for the digital age. Agile fits the bill, perfect for both the CEO's office and for designated quiet zones inside a larger open office plan.

Large Office Spaces

Drab and isolated office cubicles are rapidly (and thankfully) becoming a relic of the past, making way for large, open office systems that foster collaboration, shared learning, and a strong social culture. Fixed height and height adjustable desks offer a contemporary, minimalist look whilst accommodating the need for flexibility and movement during the workday.

Configurations

Have it your way! Choose from a wide range of configurations, including curved corner 90 and 120 degree workstations, in back-to-back or individual layouts. The right layout for a space is critical in maximizing available real estate as well as setting up your people in the right environment to be successful.

Agile Single Sided

STANDARD FEATURES

- White or black powdercoat frame
- Winder or electric height adjustable
- Overload operation protection
- Electronic screen displaying exact height with 4 pre-set height settings

Whiteboard HPL

COMBCORE STRUCTURE

Significant reduction in weight and material for ease of mobility

Environmentally friendly, produced from 100% recycled materials

The background image shows a modern office space. In the foreground, there is a red modular sofa and a white table. In the middle ground, there is a white table with black legs and several grey chairs with red seats. In the background, there is a white wall with a large, dark, rectangular planter wall (Viro Planter Wall) mounted on it. The ceiling is white with square light fixtures. The floor is a light-colored, speckled material.

Viro Planter Wall

Bring the outdoors in to establish and maintain a positive connection with nature in the office! The Viro modular plant wall provides necessary privacy while improving the air quality and acoustics of your office.

Viro Planter Wall

STANDARD FEATURES

- Steel wire frame construction finished in black powder coat
- Pre-drilled holes in the tray to securely fasten base
- Overflow tray to catch drips and keep any mess contained

APPLICATIONS

- Collaborative areas, lunch rooms, open offices, private offices and more!

OPTIONAL UPGRADES

- Optional plant pots sold separately

UNIT DIMENSIONS

Modulus

The Modulus system features a sleek and timeless design with one distinctive, universal leg style that effortlessly supports a diverse range of table designs. The robust A-shaped rail and socket system ensures a secure and sturdy connection, delivering unparalleled strength and stability.

Simple Beauty

Featuring simple yet timeless aesthetics, the Modulus series fits seamlessly into an array of spaces. Elevate your experience with the convenient Interact power module, providing seamless integration of all your power and data needs.

*Showing: Modulus Twin Post, double span
frame with 144" x 48" worktop and Interact
power module.*

Collaboration

Modulus is a versatile table system that helps people collaborate, communicate and exchange ideas. They can be static tables of any size or they can be self-contained modules that move and adapt easily to fit the space or task at hand.

Sophistication

Modulus tables are designed to adapt to any setting, with finely crafted cast aluminum components and carefully engineered mechanisms that provide both style and function. The elegant finish of each component adds to the overall aesthetic, while the carefully designed mechanisms deliver an experience to remember.

Working Together

Tables are most powerful when used together. Modulus Flip tables can be used in any combination, which creates endless opportunities for constructive interaction in classrooms, training rooms & meeting rooms. All Flip tables come with durable locking casters to ensure easy configuration of new layouts.

Conference & Training

Transform your training room into a versatile and flexible environment with the convenience of table tops and chair seats that easily flip up and roll away for compact storage. This user-centered design allows for seamless transitions between various training and networking formats, making it the perfect solution for evolving demands.
