Terms & Conditions

1. These terms and conditions shall apply to all sales of goods by Workspace48 Inc. No variation of any of these conditions shall be binding unless expressly agreed to by Workspace48 Inc. in writing.
2. All prices are exclusive of GST/HST unless otherwise stated.
3. All orders under $1,500/net will be subject to a $150 freight charge.
4. Payment in full shall be made to Workspace48 Inc. net 30 days on invoice. All orders over $50,000 require a 35% deposit. Container payment terms are 30% deposit with order, 70% upon arrival of product. Workspace48 Inc. reserves the right to demand payment before that date or in advance and further reserves the right to specify in any quotation a requirement for a deposit to be paid before work shall commence. Interest shall be payable to Workspace48 Inc. on the Customer's overdue accounts at the rate of 18% per annum calculated on a daily basis to run from the due date for payment until receipt by Workspace48 Inc. of the full amount payable. The Customer shall pay all costs including any legal costs incurred in recovering overdue accounts.
5. We may suspend or terminate this agreement if at any time we consider the Customer's credit worthiness to be unsatisfactory for any reason or if the Customer is in default of any of its payment or other obligations hereunder. We shall not be responsible under any circumstances for any loss, damages, costs or expenses whatsoever caused in any way by the suspension or termination under this clause.
6. Goods returned for credit will only be accepted subject to Workspace48 Inc.'s prior agreement in writing with all freight charges prepaid by the Customer. Returned goods, if accepted by Workspace48 Inc., are subject to a minimum restocking fee of the greater of $75 or 20% of the invoice price. Returned product will not be accepted if it has been removed from its original packaging and no credit will be issued for product returned damaged.
7. Prices are subject to variation without notice, and goods and services will be invoiced at prices current at the time of their provision unless otherwise agreed in writing.
8. Sales tax and any other taxes or duty on or in respect of the goods sold by Workspace48 Inc. imposed by any Provincial or Federal Government law shall be payable by the Customer, but if those taxes or duties by law are or become payable by Workspace48 Inc., the prices in respect of the goods shall be increased by the amount necessary to ensure that the net amount actually received by Workspace48 Inc. is as if those taxes or duties were not payable.
9. If the Customer is a limited liability company or a trust, then the director(s) and shareholder(s) of the company or the trustee(s) of the trust (as the case requires), hereby guarantee the performance of the Customer's obligations under this agreement and are personally liable to meet the Customer's obligations under this agreement in the event of the Customer's default. Those director(s) and shareholder(s) or trustee(s) also agree to indemnify Workspace48 Inc. and hold Workspace48 Inc. harmless for any losses Workspace48 Inc. sustains as a result of the Customer's act or omission. A director, shareholder or trustee (as the case requires) must reimburse Workspace48 Inc. for all its losses caused by the Customer's act or omission within 21 days of Workspace Inc. making a demand for such reimbursement (time being of the essence). Any director, shareholder or trustee signing this agreement on behalf of the Customer also signs in a personal capacity for the purposes of the guarantee and indemnity contained in this clause.
10. The Customer warrants that such plans, specifications, measurements or information that have been supplied by the Customer at the time of commencing work on purpose built furniture are correct and can be relied upon. Once work has started the Customer may not vary or withdraw from this or any other agreement with Workspace48 Inc. unless with Workspace48 Inc.'s agreement in writing.
11. All warranties conditions and representations whether express or implied other than any express warranty stated by Workspace48 Inc. in writing are hereby expressly negated and excluded except in circumstances where Workspace48 Inc. is by law unable to exclude or limit its liability. Provided that where the Customer is a consumer for the purpose of the Trade Practices Act, but the goods or services are not of a kind ordinarily required for personal domestic or household use or consumption, the liability of Workspace48 Inc. shall be limited as determined by Workspace48 Inc. to the following:

    a. The replacement of the goods or the supply of equivalent goods

    b. The payment of the freight costs to replace the goods or equivalent goods
12. No claim of any nature whatsoever (other than relating to warranty) will be recognised unless made within 24 hours of delivery. All freight costs involved in returning goods must be paid by the Customer. A copy of the invoice evidencing sale to the Customer is to be included with the goods, and include photo's to clearly identify the issue concerned.
13. Subject to everything in these conditions Workspace48 Inc. makes no further condition, warranty or representation, whether express or implied, written or oral in respect of the goods or services.
14. Notwithstanding anything above Workspace48 Inc. shall not be liable for any consequential or indirect losses expenses or damages suffered by the Customer in consequence of any defect in materials or workmanship of the goods.
15. Claims for errors, short supply, or for goods arriving in a damaged condition shall be made within seven (7) days of the date of invoice, and the Customer shall refuse to sign any deliver docket where goods arrive in a damaged condition. Workspace48 Inc. must be notified of the claim within 24 hours and assigned a file number by Workspace48 Inc. or the claim will not be accepted. The Customer is deemed to have accepted the goods unless it makes a claim under this clause. The Customer acknowledges that a signed delivery docket signifies acceptance that the goods arrived in an undamaged state and Workspace48 Inc. shall not be liable to repair any damage in such cases. The Customer is responsible to file any claim resulting from Customers' carrier.
16. Risk in goods supplied under this agreement passes to the Customer upon delivery to the Customer or its agent or upon possession of the goods by the Customer or its agent, whichever is the earlier.
17. Workspace48 Inc. shall not be liable in any way whatsoever for any failure to deliver any order on time or for non-delivery or delay caused directly or indirectly by war, act of God, strike, lockout, riot, Government action or interference, fire, earthquake, material, shortage, late delivery by manufacturers, shipping or transport delay or any other cause beyond the reasonable control of Workspace48 Inc. The Customer shall be bound to accept and pay for goods delivered within a reasonable time after such cause for the failure or delay on the part of Workspace48 Inc. has ceased to operate.
18. To the fullest extent possible, ownership of any goods supplied by Workspace48 Inc. is retained by Workspace48 Inc. until payment in full is made for the goods supplied and for all other goods supplied by Workspace48 Inc. to the Customer. This clause creates a security interest under the Personal Property Securities Act 2009 in favour of Workspace48 Inc. in all present and after-acquired property supplied by Workspace48 Inc. to the Customer. Customers waive the right to be notified in writing of registration on the Personal Property Securities Register.
19. Workspace48 Inc., its servants or its agents may immediately without giving the Customer any notice or waiting any time, retake possession of the goods supplied or any other goods supplied by Workspace48 Inc. under any other arrangement under which title in those goods is still maintained by Workspace48 Inc.
20. The Customer gives Workspace48 Inc. authority for its servants and agents to enter and remain upon any land or premises where in Workspace48 Inc.'s opinion Workspace48 Inc.'s goods may be stored and take possession of the said goods.
21. Under no circumstances shall Workspace48 Inc. be liable for any damage, costs, losses or expenses arising on or resulting from such repossession.
22. The Customer shall hold the proceeds of sales of our goods arising in the normal course of trade, upon trust for Workspace48 Inc. and shall promptly account to Workspace48 Inc. for such proceeds or the amount of them necessary to pay all amounts due to Workspace48 Inc.
23. The failure on the part of Workspace48 Inc. to exercise and enforce any rights conferred by this agreement shall not be deemed to be a waiver of any such right nor operate so as to bar the exercise or enforcement thereof at any time or times thereafter.
24. All freight charges are as described in your company specific discount structure, unless otherwise specified on a project specific quotation.
25. Upon receipt of an approved credit application, orders can be placed in the following way; Phone: 416 441 9898; Email: Orders@workspace48.com. Phone orders are required to have final confirmation in writing. All orders will be acknowledged by email as final confirmation of your order, including net pricing and quantities. If in the unlikely event of low stock, you will be notified and alternative solutions advised.
26. In-stock items can be cancelled by the Customer in writing prior to dispatch, without any cancellation charge. Orders cancelled after shipping and before arrival to the Customer will be subject to a minimum handling fee of $75 plus any applicable direct costs, payable by the Customer. Any custom built products are not able to be cancelled once the order has been acknowledged and entered into production.

Warranty

10 Years, across the board*.

Includes 8 hours of daily standard use by purchasing company (not applicable if rented or resold).

All Workspace48 products are durable for long-term performance and value. Our products have been rigorously tested to the equivalent of 10 years average use, and our processes comply with internationally recognized certifications. We know the peace of mind a warranty like this can give when making a purchase. If you need to know any information about the legal terms of your warranty, you can find everything right here, or simply give one of our friendly account managers a call.

*See Warranty Limitations, next page.

Warranty

Workspace48 promises the original purchaser that it will repair or replace with the comparable product, at its option and free of charge (for material and components) any product, part or component which fails under normal use over the duration of specified warranty term (taken from the date of purchase).

Normal commercial usage is defined as the equivalent of a single shift, 40-hour work week.

A Customer who requests services under this warranty must comply with directions from Workspace48 staff if the warranty claim is to be investigated, and if Workspace48 is to provide repairs and/or spare parts and/or replacement solutions (where applicable). The Customer will usually be required to provide a detailed description of the warranty service they are requesting, accompanied by any relevant photos or videos.

If the Customer does not comply with the directions aforementioned, Workspace48 is not required to provide services in accordance with this warranty. Without the description and images, Workspace48 can neither investigate the claim nor provide an appropriate solution.

Goods purchased from Workspace48 are covered by guarantees that cannot be excluded under Canadian Consumer Law. The Customer is entitled to a replacement or refund in a case of major fault.

Minor variations in dimensions, color, grain, or finish in Goods received by a Customer, when compared with images or descriptions on the Website, are not covered by this Warranty. The Warranty does not cover damage that affects only packaging.

Warranty Limitations

The particular product lines, materials and components listed below are covered according to the following schedule from the date of sale:

- Five Years - Luna Chairs, Electric motors, workstation electrical components, Array Accessories

Warranty Exclusions

This warranty does not apply, and no other warranty applies to:

- Products that were not installed, used, or maintained in accordance with Workspace48 instructions
- Products that have been disassembled, modified, or rebuilt
- Normal wear and tear, which is to be expected over the course of ownership
- High-wear items such as glides and textiles
- Abuse, misuse, or accident
- Alteration or modification of the product including substitution of Workspace48 components with any unauthorized non-Workspace48 components
- Products considered consumables, Customer's Own Material (COM) or non-standard textiles and materials
- Variations occurring in surface materials (e.g., color- fastness or matching grains, textures, and colors across dissimilar lots)
- Products used for rental purposes

To the extent allowed by law, Workspace48 makes no other warranty, either express or implied, including any warranty of merchantability or fitness for a particular purpose. Workspace48 will not be liable for any consequential or incidental damages.

Array & Vibe Electrical Information

We use the USA-based company Byrne Electrical for Array and Vibe power and data.

The Byrne 8-Trac System and Phase 3 are UL recognized as an Office Furnishing Accessory (UL 1286), and are UL Listed as a Manufactured Wiring System (UL 183) in full compliance with electrical specifi cations found in the National Electrical Code (NEC). It also complies with municipal standards such as New York, Los Angeles and San Francisco. To learn more about Byrne, visit their website at www.byrne-electrical.com

Universally recognized:

- UL Listed as a Manufactured Wiring System (UL 183)
- UL recognized as an office furnishing accessory (UL 1286)
- cUL Certified for Canada
- Meets National Electric Code (NEC) article 604 and NEC article 605
- BIFMA Level 3
- Complies with municipal standards such as New York, Los Angeles, & San Francisco

Circuitry/Keying:
The Byrne 8-Trac System is rated for 20 Amps allowing the use of 4 circuits with 4 line conductors, 2 neutrals
and 2 grounds. Under NEC requirements, up to 13 duplex receptacles maybe used per circuit, with a total
of 52 available receptacles if all circuits are used, per single power entry. The line conductors are 12 AWG,
and share a 12 AWG ground and a 10 AWG neutral. The fourth circuit is isolated and dedicated, and is serviced by its own line conductor, neutral and isolated ground. Alternate circuit diagrams are available.
The Byrne System can be wired in both single and three-phase configurations, 240/120V, 208/120V respectively.
Additionally, a 3 hot, 3 neutral, 2 ground (3-3-2) wiring system is available.

Flexibility:
The practical Design of the Byrne 8-Trac System combines junction blocks, jumpers, and power infeeds into
one modular assembly. With 3-1/2” of adjustability, different length harnesses for 90 degree and “T” panel
conditions are not required. Power is routed through extremely flexible oval metal conduit, which makes
traversing sharp corners easy.

Installation:
All connections are positive locking, assured by keyed terminal housings. The patented slide mount block is
easily installed on site after panel or table assembly.

Electrical – 3 Circuit

BYRNE 3-TRACK SYSTEM

The Phase 3 system from Byrne delivers reliable, flexible power distribution—ideal for modular office furniture. Designed for ease of use and customization, Phase 3 supports panel applications from 2” to 3½” thick with harnesses from 12” to 300” in length. All units are fully tested to ensure top quality and performance.

Key Features

Supports 3 separate circuits at 20 amps each, configured as a 3-circuit system (208/120V or 240/120V). Easily routes through sharp corners with flexible metal conduit.
Delivers power to single and both sides of Array beams or Vibe benching—perfect for open-plan layouts.

- Dual-Sided Design
- Fast, Secure Installation
- Features positive-locking connections and slide-mount raceway for quick setup after assembly.

Certified & Compliant

The 3-circuit configuration delivers three separate 20A power circuits through a single modular system—ideal for high-capacity office layouts.

- UL Listed (UL 183 & UL 1286)
- cUL Certified for Canada
- NEC 604 & 605 Compliant
- BIFMA Level 3
- Approved in NYC, LA, San Francisco

Wiring & Conductors

- 3 Line Conductors (Hot) - Each carries 20 amps on its own circuit (12 AWG)
- 1 Shared Neutral - Heavy-duty 10 AWG handles the return for all 3 circuits
- 1 Shared Ground - Ensures system grounding (12 AWG)

Power Infeed

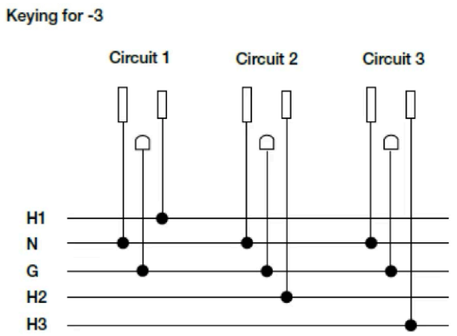
- Configured exclusively as a 3-circuit system providing three distinct 20A circuits.
- Flexible power infeeds are designed to support this 3-circuit configuration.

Capacity

- Supports up to 13 duplex receptacles per 20A circuit (per NEC standards)
- Up to 39 duplex outlets total on the full 3-circuit system, depending on load.

Key Components

- Junction Blocks - Central connection points for distributing all three circuits
- Jumpers (Harnesses) - Carry power from beam to beam, available in 42”, 48”, 54”, 60”, 66” long.
- Flexible Metal Conduit - Simplifies routing around corners or tight spaces
- Dual-Sided Output - Supplies power to beams
- Positive-Locking Connectors - Ensure safe, tool-free installation



Electrical – 4 Circuit/8 Wire

BYRNE 8-TRAC SYSTEM

The 8-Trac system from Byrne provides reliable, flexible power distribution tailored for modular office furniture. Designed for easy customization and installation, 8-Trac supports panel thicknesses from 2” to 3½” and features harness lengths ranging from 12” to 300”. Every unit undergoes rigorous testing to ensure superior quality and performance.

Key Features

Supports 4 separate circuits at 20 amps each, configured as a 4-circuit system (208/120V or 240/120V). Designed to navigate sharp corners easily with flexible metal conduit.

- Powerful & Flexible
- Dual-Sided Design
- Delivers power to both sides of Array beams or Vibe benching—ideal for open-plan and collaborative office environments.
- Fast, Secure Installation
- Equipped with positive-locking connectors and slide-mount raceway to enable quick, tool-free installation after assembly.

Certified & Compliant

The 4-circuit configuration delivers four separate 20A power circuits through a single modular system—perfect for high-density power needs in modern office layouts.

UL Listed (UL 183 & UL 1286)
cUL Certified for Canada
NEC 604 & 605 Compliant
BIFMA Level 3
Approved in NYC, LA, San Francisco

Wiring & Conductors

- 4 Line Conductors (Hot) - Each carries 20 amps on its own circuit (12 AWG)
- 1 Shared Neutral - Heavy-duty 10 AWG handles the return for all 4 circuits
- 1 Shared Ground - Ensures system grounding (12 AWG)

Power Infeed

- Configured exclusively as a 4-circuit system providing four distinct 20A circuits.
- Flexible power infeeds are designed specifically to support this 4-circuit configuration.

Capacity

- Supports up to 13 duplex receptacles per 20A circuit (per NEC standards)
- Up to 52 duplex outlets total on the full 4-circuit system, depending on load

Key Components:

- Junction Blocks - Central connection points distributing all four circuits
- Jumpers (Harnesses) - Carry power from Array beams or Vibe benching, available from 42”, 48”, 54”, 60”, 66” long.
- Flexible Metal Conduit - Facilitates routing around corners or confined spaces
- Dual-Sided Output - Supplies power from beam to beam
- Positive-Locking Connectors - Ensure safe, tool-free installation

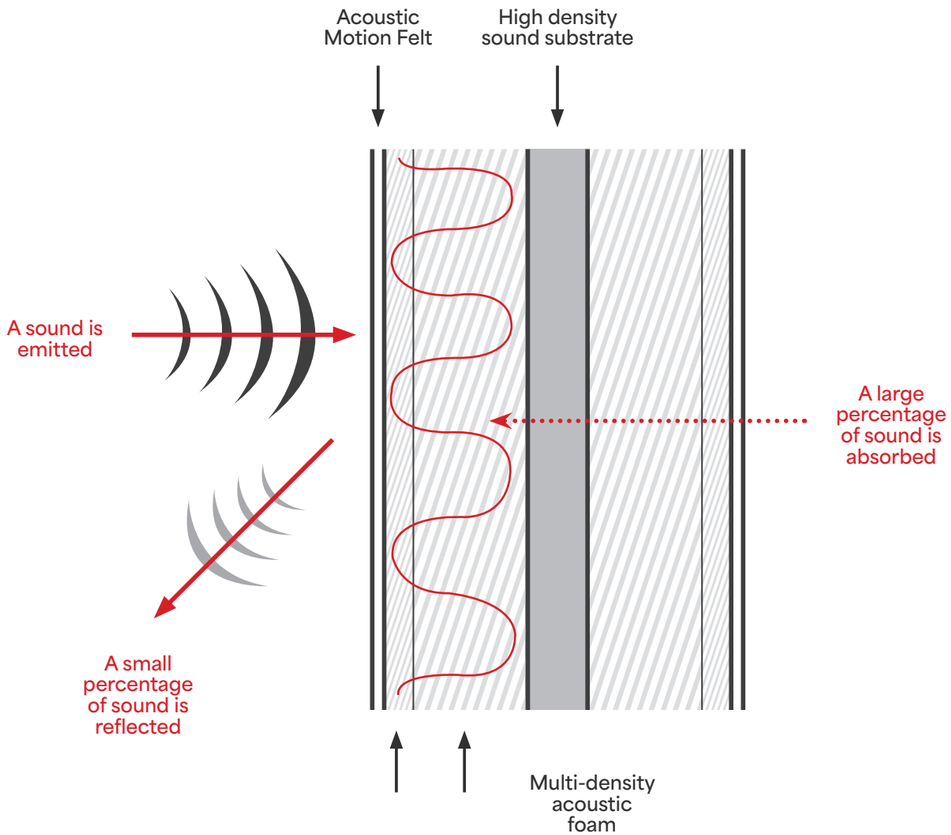
Fabric Information 65

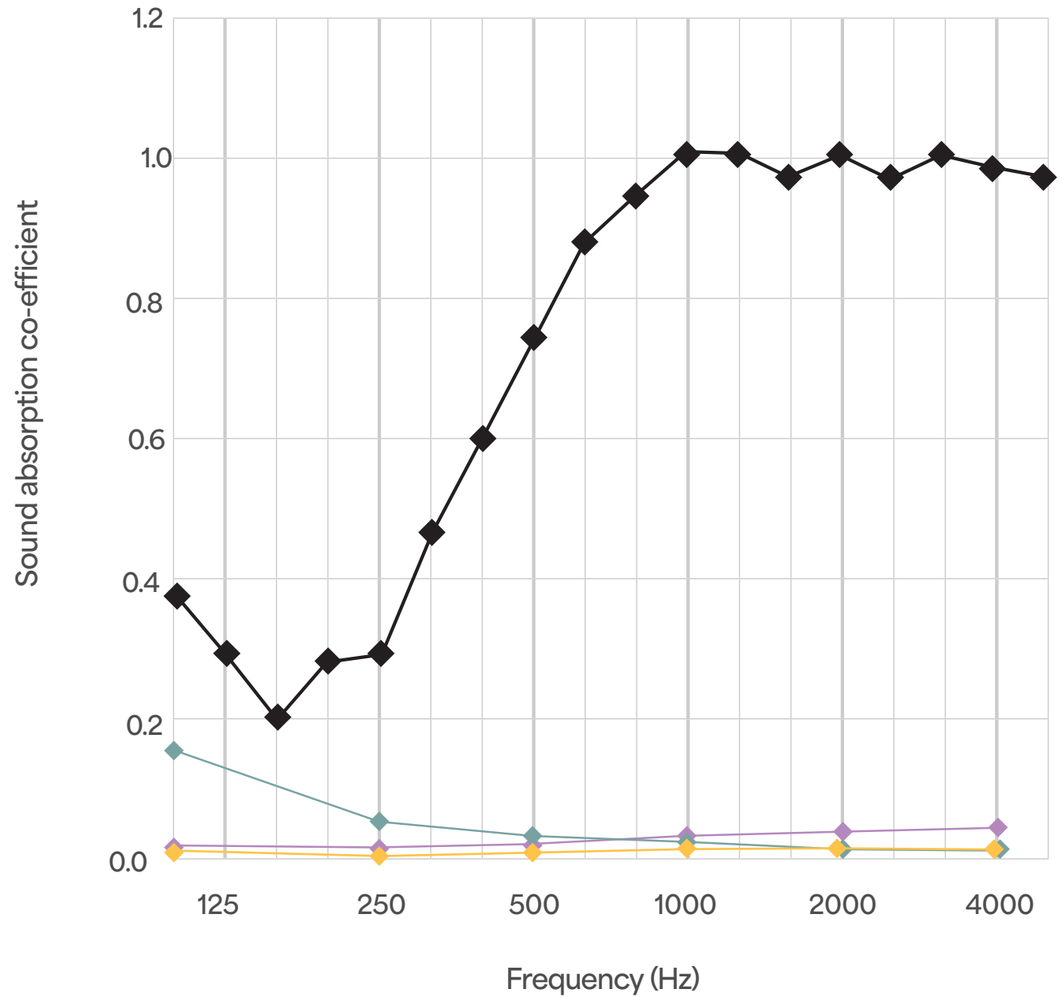
Standard wall materials absorb 3%, MotionOffice has been tested and absorbs 76% of sound waves!

Imagine standing in the middle of a room with all concrete surfaces and one open window, and you blow a loud whistle. The sound that hits the open window passes right through. The sound that hits the concrete surfaces in the room begin to reflect back. The NRC (Noise Reduction Coefficient) of the open window would be 1.00 which is the absence of sound reflection. The NRC of concrete is .03, indicating that 97% of the noise that hits the concrete surfaces will reflect back off the surface. The NRC value of a surface simply denotes its ability to absorb vs reflect sound. The higher the NRC value, the stronger the sound absorption and the lower the sound reflection in the room.

MotionOffice panels have an NRC rating of 0.76 which means that 76% of the sound wave entering into the material will be captured and converted. MotionOffice dramatically contributes to reduction of noise bleed in open plan environments!



MotionOffice® Acoustics - absorbs 76% of sound waves!



KEY:

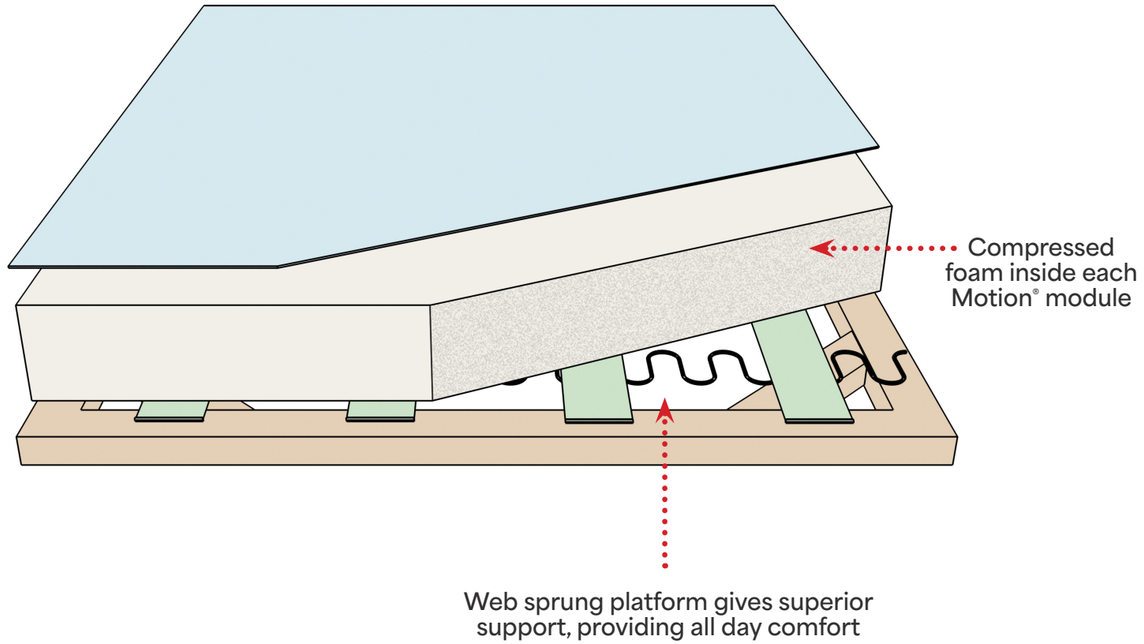
- MotionOffice Materials
- Glass
- Concrete

Motion®Office prioritizes comfort, with a multi layered, supportive foundation.

Motion®Office modular seating is built with layers of comfort, for all-day seating that supports the body, naturally.

Motion® modules offer premium comfort with high-resilience foam and pocket springs that give rest and relief to your body – whether you are working, socializing, waiting or just relaxing.

Our comfort promise is backed up with a 10-year warranty. Review the terms in our Warranty document.



Unlike competitor products where fabric covers foam atop hollow plywood, Motion®Office foam sits on a web sprung platform, supporting the body more effectively and giving greater comfort – especially impactful with long-term sitting.

Fabric Information

Motion Felt is a wool blend textile with a soft hand and contemporary color-ways that will add a subtle, elegant distinction to larger, upholstered furniture items.

Motion Felt is yarn dyed and has been milled to give it a direction-less felted appearance. The milling process also increases the inherent durability and water repellent properties, which along with the natural flame resistant properties of wool, makes this fabric very suitable for heavy commercial use.

Technical Specifications

Type:	Upholstery
Composition:	50% Wool 50% Polyester
Weight:	750g/lin.m
Roll Width:	150cm
Repeat:	None
Abrasion:	100,000 rubs (Martindale)
Pilling:	4-5, BS EN ISO 12945-2:2000
Light Fastness:	4-5, BS EN ISO 105-B02
Flammability:	BS EN 1021.1 (cigarette) BS EN 1021.2 (match) CAL TB 117-2013
Color Matching:	Batch to batch variations in color may occur within commercial tolerances

Maintenance & Cleaning

Wool is naturally anti-static and water repellent making it less likely to attract dirt and absorb spillages. It is important to keep the fabric clean as this will extend the life of the fabric and preserve its fire retardant properties. Frequent (weekly) vacuuming on low suction is advised to remove dust and loose soiling. Under normal commercial use we recommend cleaning 1-3 times yearly by a professional dry cleaning service. It is important to protect the fabric from direct and refracted sunlight as this will ensure that the fabric retains its original color.

Spot Cleaning

Soiling should be acted on immediately to prevent lasting damage to the fabric. We always recommend testing stain removal detergents and solvents on an inconspicuous area first.

- Immediately absorb any liquids with an absorbent cloth.
- Scrape off any solidified material with a spoon.
- Remove loose material with a vacuum cleaner on low power.
- Wipe clean with a damp cloth using pH-neutral upholstery shampoo (follow directions on packaging). Do not scrub or use a stiff brush.
- Use clean water without any cleaning product for the final clean.
- Do not use dish washing or laundry detergents. Do not use detergents, bleach, ammonia or soap intended for hard surfaces.
- Dry with a clean white cloth using a circular dabbing motion to avoid edge marks. Use of hair dryer may also help avoid edge marks.
- Allow to dry thoroughly before reusing.

This is intended as a guide only. We recommend consultation with a fabric care professional.

Environmental

As a caring, corporate citizen, we support the responsible stewardship of the earth, its inhabitants and its resources.

Our fabrics are designed and made to last, and in their manufacture, use and disposal, embody the environmental principles of Reduce, Reuse & Recycle.

Fire retardants are bromide free.

Dyes are free from heavy metals.
